

## LAS-9070

Swing Door Finger Guard

Protect fingers from getting trapped in closing automatic swing doors.

- High Safety Level**  
 2.1m in length to give complete swing door finger protection in accordance with European automatic door regulations EN16005.
- Easy to Install**  
 Provided with pre-drilled mounting holes and self-tapping screws for ease of installation. The LAS-9070 can be easily cut to any desired length on-site.
- Tough & Durable**  
 Tested to over 500,000 opening and closing cycles without any sign of degradation.
- Smoke & Acoustic Seal**  
 The LAS-9070 acts as a smoke and acoustic seal, isolating interior and exterior environments.
